

## Food Packets for the Migrant Labour

The Pandemic of COVID-19 has scared mankind and lockdown has affected every Indian. Most affected are the helpless poor people **daily wagers, migrant labourers and the homeless**. Many tried to go back to their native places but in vain. Factories were shut, transport facilities withdrawn, and these people had nothing left with them to feed their families.

Shirdi Sai Baba Temple Society, Faridabad, popularly known as **Sai Dham** in its service to the humanity, decided to prepare cooked meals for them and immediately after the lockdown, **since 28<sup>th</sup> March 2020, Sai Dham is preparing and packing food in its kitchen, and distributing it amongst about 3000 people everyday in association with District Administration, Faridabad and the Indian Red Cross chapter Faridabad.**

**Shri Yash Pal Yadav Ji IAS, Deputy Commissioner Faridabad** has lauded our efforts and we will continue this *sewa* of Ann Daan throughout the lockdown.

## Face Masks

Face Mask became the need of this hour during the COVID. We were approached by Faridabad administration for urgently arranging three-layer stitched face masks for COVID warriors and the migrant labour. **Sai Dham engaged women, trained at our vocational training center, to stitch 500 three-layered masks to be distributed amongst migrant labour, police, security, cleaning staff and other COVID warriors, free of cost.** Sai Dham supplied the raw material, paid Rs.2.50 per piece for stitching and collected back the stitched masks from the doorsteps of these women. This way we could provide employment to these women and support them financially even during lockdown, besides supplying the masks to the needy..

## Infrared Thermometers

During this Pandemic, Infrared Thermometer is most needed for contactless screening of each individual at offices, industry etc. **Foreseeing the crisis, Sai Dham acted quickly and procured 2160 Infrared Thermometers which were distributed, free of cost, to the underprivileged students of Shirdi Sai Baba School, District Administration, the Police Commissionerate, Municipal Corporation, Red Cross, Resident welfare associations, Corporate, and Industries.**

## Smart Phones

Shirdi Sai Baba Temple Society is also a temple of learning with two formal schools one in Faridabad (Haryana) KG to Class 12 and the other at Niswara, Dist. Mahoba (UP) KG to Class 8, providing 100% free, technology-based, quality education to 2000 poor children with nutritious food, uniforms, books study material, sports and health care. During this lockdown, the studies were far from approach for our school students. During this time of scare only one option left to continue their studies was to teach them remotely through online classes. Since, as know our students hail from under-privileged section of the society and most of them did not have Smartphones so to keep them connected to the studies.

**Sai Dham immediately purchased 500 smart phones and distributed it amongst the underprivileged students of Shirdi Sai Baba School, Faridabad with three months prepaid SIM connection so as to resume their online classes during the lockdown and summer vacation.**

## Immunity Booster Homeopathic Medicines

Entire world is trying hard to win over this virus of COVID-19 by every possible means like finding a vaccine or using antiviral but no concrete success has been reached. **Dr. Motilal Gupta, the founder of Sai Dham, through his experience of 60 years in homeopathy has researched upon the COVID 19 and has found that two medicines are most effective in building immunity i.e. CAMPHOR 1M & ARSENIC ALB 30.** 5000 vials of the medicines are being prepared every day at Sai Dham and distributed, free of cost, amongst the masses all over Faridabad, Delhi, Gurgaon, Manesar, and Ghaziabad. The medicines have been found very useful and regularly big demand is coming forth.
